\*\* "Just In, Tokyo is under attack! Tokyo is being leveled, Chaos and panic is filling the streets!"\*\*. The male voice boomed from the television, interrupting a showing that was airing.

"What?"

"Oh My"

People at a restaurant all looked at each other and listened closely.

\*\*"It seems that people are being evacuated, the Military is initiating a state of emergency. The Military are currently trying to hold the line and contain the creature."\*\*

"Holy shit, just what in the world's going on"

People in the restaurant began to get out of their seats, all wondering just what was going on.

People began to murmur.

\*\*"Kaori Hinami is bringing us live feed of what's happening over there at the moment, Koari, Koari, what's going on?",\*\* The screen soon flashed over to another scene, a brown haired woman looked shaken, she was covered in dirt, her blazer was slightly ripped.

\*\*"It's bad, It's really bad, Kurosaki. People are being killed by the minute, chaos and panic is rising, the military are being taken out faster then they are coming."\*\* The brunette and the cameraman were both jogging, the female reporter was panting a bit as she jogged to get further away from the destruction that could be seen in the back round.

\*\*"Koari, Yusake, Get out of there",\*\* Another figure joined the screen on the right, a female sat next to the male, both were telling their co-workers to try and get out of Tokyo.

\*\*"Oh, Oh GOD!",\*\* Koari Screamed, the cameraman yelled out, the camera hit the cement floor, Kaori screamed in fear, terror in her blue eyes. \*\*"Yusake! NO!"\*\*

\*\*"KAORI! GET OUT OF THERE!",\*\* Both reporters yelled out in panic.

\*\*"AH! AHHHHH!", \*\*As the brunette dropped the microphone, she was whisked away along with the camera.

\*\*"KOARI!? KAORI!-"\*\*, The News went blank.

People fell in complete silence.

a moment of silence.

"AHHH!", a certain brunette continued to scream, that of course, until her body hit the concrete floor of a roof. "UUFF!"

"Hey, Calm down, Calm down, You're annoying me!", a figure spoke.

Kaori opened her blue eyes, she gasped at whom had just rescued her.

"Y-You! What are you doing here! Aren't you a hero of Kyoto?", the reporter asked.

the figure put her hands onto her own hips, she grinned.

"Oi, I'm not just Kyoto's alright, I go where I'm needed, and as it seems, I didn't have much of a choice, this thing'll go to Kyoto and all around japan if I don't stop it here."

Kaori nodded her head, she was all dirty and sweaty, also battered up, she merely escaped a collapsing building.

"What're you going to do?"

"Stop that freak"

Amber eyes looked towards a giant moving figure.

"How will you do that?"

"I Don't know, but I can't just sit around and let that thing keep walking, it'll soon reach other cities."

The costume dressed teenager crossed her arms over her chest.

Kaori's blue eyes observed the teen. "Just...who are you?"

Amber eyes flickered to the battered woman she saved, through the red windowed goggles that covered part of her face, the teen hero winked, "Some say I'm quite Impulsive, so if you'd like, You can call me, Impulse."

"E-Eh...Impulse."

The hero nodded, she was clearly young, she was about 5' 6", lean and pretty built. the costume consisted of red and black colors, the tight fabric that covered her body waist down was black, the belt was red, and on her upper body, a red stripe ran down the middle of the black of the tight fabric that was on her upper body. Red gloves on her hands, red boots on her feet. the goggles on her face were black and red, her hair was messy and loose, and a metal circle on the

center of her chest, with the insignia of three stripes ran down the white metal circle that was on her chest.

"Mmmmm, Now, Ma'am. I'll be leaving you, Just stay here, I'll come get you"

Kaori nodded her head, she stood seated on the floor.

"How can you be so sure that You'll come and get me?"

"I'm not your average person, I'd think you'd at least know that.", Impulse snickered and turned around, hands falling to her sides, she walked to the edge of the roof.

"Wait! tell me, your real name"

Impulse turned her head back, looking over her shoulder, "Sorry, can't do that. My identity must remain a secret. Hero protocol", and with out another word, Impulse turned back towards the giant lizard like creature that was being bombarded with gun fire and other things by the military, and squatted slightly and then with all the force in her legs, pushed forwards and flew off, breaking the sound barrier.

"I'll never get used to this", Kaori sighed out, watching as the hero that saved her life many times, flew through the air and towards the monster that was attacking the city.

This wasn't the first time, these strange happenings have been happening quite often lately, many were losing their lives. but just as monsters and aliens came up, so did superhuman like people. dressed up in cliché superhero outfits. at first, people were so struck with fear, but soon realized that these "Superheroes", were actually protecting them, but with that, more and more bad people and things came up, not just japan, no...the entire world was dealing with different things and working alongside these super people.

It was like some kind of war over earth was going on, people didn't really feel safe anymore.

"Oi, Ugly!", the hyperactive teen yelled out as she floated casually around the creature to get it's attention, "Over here!"

"Sir, Impulse has came, what do we do?", a soldier asked his superior as he reloaded his rifle.

"We should fall back, and let Impulse deal with this thing."

"Hai"

Soldiers all began to fall back, tanks reversed.

"Give me your best shot, Fugly", the tawny haired teen narrowed her amber eyes.

"GRRRRR", The hideous creature turned it's full attention to the young girl, "RRRGHHHHH!", it turned it's body and it's tail came at the floating hero.

"WOAH!", The teen flew upwards and avoided the tail's power sweep. the tail smashed into a building and made it crumble to the ground.

"Tsk, I'll finish you, no problem!", the teen did a back flip in the air and with her legs, pushed her body through the air, the sound barrier broke once again, pulling her fist back, gritting her teeth, she came close the lizard like giant and as she made it to the snout, she punch with all her strength, instantly decapitating the thing.

"WOOOO-HOOO! that was quick"

the amber eyed hero couldn't really celebrate just yet, she still had to save people from fallen buildings and fires.

Sighing as she realized this, "Well, this night got longer all of a sudden, Tsk, I would've expected Night Crawler to have taken care of this mess."

"damn it"

\* \* \*

><p><span><em><strong>Canada: 6:18 Am<strong>\_

"Thank you, Thank You", a lady spoke thankfully.

"No problem ma'am".

"Oh God, we're so thankful, Thank you, Girl Glory"

setting two civilians down onto safe ground, the tall woman smiled warmly, "I'm glad I made it in time"

many people who were on safe ground all bowed respectfully to the female.

the female was known as Girl Glory, she wore steel boots, steel bracelets on each wrist, a shield strapped to her back, her outfit was form fitting, a black loose skirt, red and white tight shirt, made of some kind of fabric, black hair was loose, a pair of black and blue goggles over her eyes.

'Hope Ritsu's doing fine, Felix seems to having quite the fun in recking things here in Canada.', narrowing greenish eyes, Girl Glory locked her eyes on a mechanical maniac unleashing gunfire on Canadian military personal.

"Tsk, damn it"

Girl Glory sighed heavily, she cracked her neck and then gave the people around her a goodbye, "Goodbye, stay safe everyone", with this, she huffed, then pushed up up and with a large "Boom" in the air, she flew up.

"HAHAHAHAHA! DIE!", the robot under the control of a mechanical maniac opened fire on military personal while they began to fall back to hide and take cover.

"HAHHA- UH?!", the large exo-suite robot turned and was met with a fist to the metal face.

"U-RAH!", girl glory punched the robot hard enough to send the thing flying through the air and into a building.

"Tsk, Give it up, Felix! Surrender now, or else!"

girl glory wore a somber look, she unstrapped her shield and put it in front of her as she walked forward, with each step, she was cautious.

Inside the mechanical robot, was a mad man, he sneered and grunted.

"Self destruct!", Felix spoke with a wide devious smile as he saw the girl hero coming closer and closer.

Girl glory held the large steel thick shield in front of her, sweat developed on the side of her head.

"Come on, Just a tad bit closer, dear.", the mad maniac began to chuckle evilly.

now with in five feet of the unmoving robot, Girl Glory stopped in her tracks, "Get out now, Felix, this ends now, You can't escape now"

Felix smiled widely, maniacally, he spoke as she touched a red switch, "That's where you're wrong, Glory kid. Goodbye", and with that, the robot ejected the man that was driving it into the air.

Girl glory's eyes widened, she jumped and hid her entire body behind the big steel shield as she realized what the man just did.

"(BOOOOM)", the robot exploded, the shock wave sent the girl flying back and into a building not too far away.

"URGH!", Girl glory huffed, her shield flew from her grasp and landed beside her and onto the rubble. "Damn it!"

"HAHAHA, Goodbye, kiddo!", the man's seat flew away quickly, sealing Felix's escape.

"Kisame! He got away again!", the girl punch a hole into the floor next to her.

this Felix man, was someone Girl Glory and Impulse were trying to take down, he was some kind of super villain that enjoyed unleashing hell.

"Hey! Rachel, You okay!", a speedy male made his entry, he was quite battered, his upper body was exposed, half of his clothing was torn apart.

"I'm great, perfectly fine, Toshimori", the girl picked up her shield and strapped it behind her again, she frowned heavily, "I almost got him, I let my guard down!"

"Hey, Hey, we'll get him, if not you, than one of us is bound to get that bastard.", the man wore a yellow mask, half of it was torn off though.

"Damn it, this is all getting to be too much, I mean, where are all these "Bad guys" coming from! some are even powered up!", the girl exclaimed.

"I'm not sure"

"Since we've showed up, they have been too"

"It's only natural, they felt the need to pop up when they noticed us. maybe they didn't attack people then because they weren't challenged...who knows"

Rachel sighed. "I don't know, but I sure as hell don't like these baddies."

"I don't know why, but for some reason, I keep saving you"

"I've noticed"

after the monster was taken down, the hero Took the reporter back to the Kyoto news station, many people greeted the hero whom carried the reporter through the air.

"Haaa! Impulse!"

"You stopped the monster!"

people cheered through out the streets.

Kaori sighed, her arms wrapped tightly around the hero's neck.

"I'll set you down here, okay".

"Y-Yeah, Please."

Truth be told, The reporter didn't really like being so high, even with a hero carrying her.

People rushed quickly towards the landing hero.

"Ah Geez", Impulse sighed as she set the brunette to her feet.

Kaori yelped when people of the press rushed to her.

flashes of cameras went off.

Kaori wasn't really in the mood, she'd just lost her third cameraman.

"Damn it, Get these damn cameras outta here!", the brunette yelled out when a man questioned her and the young hero.

"Impulse, Impulse! tell us, was it another alien!"

Impulse stepped back, rubbing the back of her head, "I don't know, that's for your government to tell you guys, sorry".

"Impulse, Impulse, Is it true that you're also an alien as well?", a question that made the crowd go silent.

'Me? what is this guy on?', "No, I was born here, sorry", Impulse frowned, getting annoyed with all the cameras, her feet began to lift off the ground.

"Wait!-"

"Impulse!

"Until next time, Reporter-san"

Kaori sighed and nodded, "Yeah"

Impulse clicked her teeth and flew off with out breaking the sound barrier, knowing that if she left with such force, she'd probably hurt the crowd.

"god I hate the press."

she yawned and walked to her desk and set her goggles there, then she began to remove her top, she undid her belt and set it on the desk as

well.

she was topless, only in pants and bra.

'damn it, I don't think I can make it through school tomorrow, I'm too tired.'

as the teen was going to take off her pants, a sighed caught her attention, she turned back and hummed.

"Rachel?"

"Hey, Ritsu", Rachel crossed her arms over her busty chest, she was in casual clothing.

"What's up?"

"We need to talk"

"What? can't it wait?", Ritsu turned her full attention to the girl sitting on the edge of her bed.

"Out of juice?"

"Yeah, very", Ritsu sighed and looked away for a moment.

"Fine, tomorrow, we'll meet at base", the girl said.

## 2. Chapter 2 Decent day

Here's an Update.

\* \* \*

><p>I Apologize for any type of mistakes I might make.<p>

\* \* \*

><p>"Hey, Hey, Hey, Impulse, Long time no see"<p>

The Tainaka Sighed heavily, "Hey, Toshi. Where's, Rachel?"

Toshimori sat down and took a bite out of his sandwich and shrugged, "Don't know, Why? And...Well, Aren't you supposed to be in school?"

Impulse shrugged, "Yeah, But...I kinda need a break", The Tawny haired hero leaned back against a table and crossed her arms over her chest. "Rachel wanted to talk too, so I decided to not go and all."

Toshimori gulped down the sandwich and began to make another one.

"I See."

"Yeah".

\* \* \*

><p><em>Toshimori was a speedster, he had received his powers through an incident that had happened to him when he was just 12 years of age.</em>

\_Toshimori went to visit his father at his work, his father worked at a Plant, one that dealt with highly radioactive things. during that

visit however, something happened and the plant began to have a meltdown, in an effort to evacuate quickly, his father and himself went the opposite direction as the other workers, but as they crossed a bridge over the chemical waste, the bridge collapsed, both Toshimori and his father fell into the waste, and the plant exploded.\_

\_Upon awakening, Toshimori was told his was the only person recovered alive and that his father was nowhere to be found.\_

\_Since then, Toshimori felt the change, seeing as his surroundings had seemed more slower than he thought they were.\_

\* \* \*

><p>"Came huh, I'd think you'd be at school", Rachel walked in all of a sudden, no costume what so ever.<p>

"Eh?", Ritsu and Toshimori both looked surprised.

"Hey Toshi, didn't expect you here. and when I meant talk, Ritsu, I meant without the get up, Person to person, Like actual normal people", Rachel sighed out.

Ritsu rubbed the back of her head, "Sorry, I thought...", Ritsu paused and sighed out, "I'll change out"

Rachel nodded.

Toshimori continued to eat food on the other hand.

"Geez, Toshi, where does all of it go?", Rachel asked sarcastically.

Toshimori grinned, "I Have a fast matabalism", was his only answer.

"Lucky you"

\* \* \*

><p>"So, What is it that you wanted to talk about?".<p>

Both Rachel and Ritsu walked on the streets of Osaka, deciding to take their talk on a walk.

"Us"

Ritsu turned to Rachel, "What about us?"

Rachel sighed, "I think, we ought to seek out more."

Ritsu's eyebrow went up, "More?"

Rachel sighed once more, "Like, get stronger in numbers. There's more to this Mega-Human community, I know it, During the Invasion, many of them came out, we all banded together to take down the threat."

The Amber eyed teen nodded her head, it was true. When the invasion started, and washed over the planet, many were too stunned in fear to

act, only the heroes did, and it turned out that there were quite a few heroes, many in fact.

"Like build?"

"Yes, keep in contact, find out where they're located."

Ritsu faced forward.

After the threat was taken care of, all of the heroes that fought, all went back into hiding.

"What if they don't want to be found. now that I think about it, Me, You and Toshi have been doing "Hero" work lately after the invasion. No one else's stepped in."

Rachel frowned, "But if another threat of that measure was to happen, I think it'd be better if we're more prepared-"

"Stop Right there, Rachel. Listen, it's not our job okay-"

"No, now you stop, Ritsu. We have powers, we have what it takes to protect the innocent, we can't just stand by and watch things go wrong", Rachel stopped walking.

Ritsu shrugged and crossed her arms over her chest, "What if there weren't people like us?", Ritsu scoffed and turned away, "This talk's done, I believe."

Rachel frowned heavily and turned the other way, "Yeah, Out of all people, I thought you'd feel the same way I did about this"

Ritsu ignored and kept on her way.

'I agree, but we band together when it's needed, I'm sure we won't have to keep in touch just to be ready, we always are.'

Ritsu so clearly remember that dreaded day, it was the day she came to first truly unleash her powers and abilities, many heroes.

\* \* \*

><p><em>"IMPULSE!", a woman shouted.<em>

\_Impulse ran fast and avoided the alien army's blasts.\_

\_"Damn it"\_

\_Ritsu was working along side a woman she'd never seen before.\_

\_as a matter of fact, many were working together, many that never know of each other.\_

\_"Toshi!"\_

\_"Ready when you are!"\_

\_Both Ritsu and Toshimori held hands, both matched speeds and dashed around many enemies.\_

\_ "Girl Wonder!", Girl glory shouted.\_

\_ Girl wonder stuck out a group of Aliens in some mecha outfits when she smashed her fist to the ground, successfully leveling that side of the city.\_

\_ "HAH!"\_

\_ Other heroes held their lines.\_

\_ A male by the name of Static shock took down a mother ship.\_

\_ A woman by the name of, Camilia released bombs over the other ships whilst in her own ship.\_

\_ all that, was just in japan.\_

\_ Other heroes all stood their ground against the invaders in other countries.\_

\_ The damage was great.\_

\* \* \*

><p>Ritsu sighed, remembering that day, she was so distressed for a few months after it.<p>

Ritsu felt dread when the invasion started, she felt fear, that day, the entire school she attended was evacuated.

'They were all so scared.', the Tainaka remembered how her childhood friend and bandmates all reacted.

Ritsu didn't have a choice, she left them and got into action.

The Tawny haired teen never reveled her identity to anyone, only her family knew and her hero companions.

'I Wonder sometimes...what it'd be like if we all did meet up.'

\_ 'It could happen'\_

Ritsu's eyes went wide, she stopped in her tracks and turned around quickly...no one, she expected to see someone.

Ritsu frowned, amber eyes scanning the area, no one else on the sidewalk she was on.

'Weird'

\_ 'Up here, you Dope'\_, the voice spoke once more.

"U-Uh, Huh?", Ritsu looked up and frowned, nothing...then it hit her, Ritsu looked around herself, she slipped into a nearby allyway and slowly allowed her feet to lift off the ground, she flew up and as she went up, she indeed came to see a female sitting idly by the roof's curb, tea in hand.

Ritsu stood in midair, and observed.

The woman turned and gave the confused teen a smile.

"Well, Well, I've been meaning to have a chat with my savior."

Ritsu hummed and looked around, slowly she began to descend onto the roof, feet still not touching the cement.

"Don't remember me, I take it? Boy, is it me, or did you get taller?"

Ritsu observed the black haired woman, her emerald eyes, and cheeky smile.

"Um? Who are you?"

"Name's Minami, Minami Shinozaki. Or well, maybe you'd remember me better by, Camilia"

Ritsu hummed and then came to terms with the name, "Ah, Camilia!? Ah Geez, It's been a while, How'd ya' find me?"

finally gaining trust, the teen stepped onto the roof's cement and walked over to the girl.

"I have my ways, Tainaka-san.", Camilia stood up and made her tea cup float in midair as she walked over to the teen.

"How's your body?"

Camilia shrugged, "Better, way better, I've regained most of my powers back, although, the gods weren't pleased with me, I messed up pretty bad back then. Lucky you saved me from being absorbed."

Ritsu smiled lightly. "I Guess"

Camilia smiled she sighed, "Sorry I kinda got in your head there by the way."

Ritsu nodded, "It's fine, just don't make it a habit"

"Right, So, about that...hero meeting thing, I can help you if that's what you want"

Ritsu nodded, "No, No way. We're in times of peace at the moment, I don't think it's necessary."

Camilia shrugged, and made a small card appear in her hand and reached out to give it to Ritsu, "Either way, I'd like it if we could keep contact, Tainaka-san."

Ritsu took the card, her number and name on it, "Um, Why'd you tell me your name, and how'd you know mine?"

Camilia sighed and shrugged, "Oh, It's best if I keep that to myself, You know who I am so don't worry"

"Ah, trade I see"

"Yep, well, I guess maybe we could see each other around", the emerald eyed woman smiled and turned around, walking back to her tea

cup, "It'd be nice to get to know you", with that, Camilia winked and walked off the curb and disappeared.

Ritsu smirked and put the card into her back pocket.

"Didn't have to search, maybe they'll search for each other and we'll eventually meet-"

\*\*\* (BOOOOM!) \*\*\*

The sound of a very loud explosion came about and took Ritsu from her thoughts.

Ritsu hummed and frowned heavily, she grunted and clenched her fists. "Tsk, I'm trying to have a day off here!"

\* \* \*

><p>"HAAAHAAA!"<p>

A menacing laugh filled the air

"Burn, Burn, BURN!", the crazed man shot flames out of his flame thrower and burned shops and stores and other buildings.

"No one can stop me!"

"Don't be so sure!", a voice boomed from above the crazed man.

The Man looked up and saw the familiar figure.

"Ah, If it isn't, a super brat! Nice of you to join me"

Impulse, frowned and landed just before the man and walked to the man with a frown, "It won't be nice for you, Pyro"

"I see, well, taste some ash!", Pyro pointed the flamethrower at the hero and fired, Ritsu used her speed and dashed forwards fast and dodged the fire, her shoulder not so lucky, but she didn't feel it.

"Taste some fist!", Ristu uppercutted the man and he flew back.

Ritsu's shoulder was exposed, the clothing on that part, was burned off.

"Tsk", The Hero clicked her tongue and dashed forwards once more.

Pyro laughed manically and throw the flamethrower at Ritsu, Ritsu hummed and dashed past it, but underestimated the mans intent, just under her, a small bomb went off and blew her into a building's side.

"AHHH! AACK!", Ritsu's body rolled through the building's walls. "Shit", she muttered.

'What the heck, I didn't hear it?'

Ritsu's costume was torn up a bit.

'this guys supposed to be easy, what the heck. I didn't see that one coming.'

"HAHAHHA!", the Pyro maniac's laugh continued.

Ritsu growled and dashed forwards, her figure a blur because of her speed, she circled the man, but the man was a step ahead and tossed another small device, Ritsu propelled herself up with her legs and flew.

Ritsu huffed and was going to dive down and finish the sicko but was completely cut off when a figure rammed into her from behind.

"UFFFFFF!", with a loud crash, Ritsu's body hit the pavement ground, making a hole where she landed.

"What the hell?"

Ritsu got up, she was a wreck, she got up, but before she could do anything, a figure whisked Pyro away and off into a distant.

Ritsu grunted and narrowed her eyes, she felt dizzy all of a sudden, she didn't know why, "Tsk"

Not expecting what happened, Ritsu got up and flew off, hearing murmurs from surrounding people, all looked up at her.

"This'll be on the news, I got creamed, I don't even know why"

\* \* \*

><p>"You think, Ricchan's sick, Mio-chan?"<p>

"I'm not sure, she's, been out a lot recently.", Mio replied.

"The festival's coming up, Mio-senpai, don't you think we should sorta check in with Ritsu-senpai?"

"Azusa-chan's right", a blonde agreed.

Mio nodded, "Lets go to her place then, I don't think she'd mind, besides, her parents are out for another week."

The club members were all worried about their drummer, the drummer's behavior as off the last few months was really off, Ritsu would disappear with out a word for days on end.

'what's she up to?'

\* \* \*

><p>"Camilia?", a firm voice spoke.<p>

"Yes, father?"

"You've located the Terronian?"

Camilia nodded her head, "Yes father, I have."

"Good, It's best we gather the S.E.B First of all. Their very important."

"I Know father.", Camilia was sitting in a chair in front of a large computer screen, she was typing, "Isn't she the last?"

"Yes, she is, which is why it's very important, after her, It's the Cronasians, there's a total of four of them here on earth, then the three Martians."

"Hai, Father, I'll get that taken care of"

"Hai, Stay safe, Camilia."

"I will, Father, goodbye"

Camilia sighed as her father disappeared from the side of her computer screen.

'With time'

><p>Ritsu wore a somber look, she laid on her bed, she wore nothing but a pair of black girl boxer briefs and a black wrapping around her chest, it compressed her already small breasts.<p>

'What was that about, I felt weird, as if I was suppressed, then I got taken down from behind, I didn't see it coming'

Ritsu bit her bottom lip, she looked at her ceiling.

'Is this another one of Felix's tricks?'

The name, that damn name, it just kept popping up all over the world, this Felix guy was really starting to tick Ritsu off.

Felix was some kind of twisted sicko who liked to kill people and reck things.

Ritsu turned to one side and saw her goggles on the desk, 'Impulse'

The teen sighed, she remembered the first time she came up with the name, it was when Girl Wonder criticized her for being very reckless and impulsive about things.

'Girl Wonder'

Oh how she remember that girl, that girl was quite the bossy one, she was very uptight about planning before tacking action.

then there was Camilia, another girl with an attitude, well, back then.

"Minami-"

a knock at Ritsu's door, caused Ritsu to jump out of her bed and dash

in the wink of an eye to the door.

"Uh, who is it?"

"Open up Idiot"

'Mio'

Oh how Ritsu knew that voice.

Ritsu hummed and leaned against the door, she wasn't wearing much.

"U-Um, hold on, I sorta need to put some clothes on", Ritsu murmured.

as Ritsu said this, a figure slipped in through her open window.

Ritsu yelped loudly.

"T-Toshi!?"

Toshimori blushed lightly and turned away, "Wrong time?"

just then, Mio and the club members opened the door.

everyone froze, Ritsu blushed and sighed heavily, her shoulders dropping.

Toshimori looked at the girls and waved as if nothing was wrong with the situation.

Mio and the girls all looked at one another.

Ritsu face palmed, "Oh god", "H-Hey. guys", Ritsu spoke awkwardly.

"Hey, Ricchan", Yui replied, a slight blush on her cheeks.

The club members taking in Ritsu's toned figure.

Mio herself along with Mugi felt their faces heat up.

"Um, Could everyone please leave my room, I really need to get dressed", Ritsu crossed her arms over her.

"H-Hai", all said.

Ritsu groaned and speedily got some clothes on, then she went out her bedroom door and down the stairs to her friends and the Speedster.

"Are You Ricchan's boyfriend?"

Toshimori literally yelped out at the question.

"No way!, We're just Buds!"

"Oi, Oi, We're just friends, girls, don't go jumping to conclusions

now!", Ritsu was blushing slightly.

Mio's eyes scanned her childhood friend, "Friends?"

"Yeah, I got into some trouble and got a bit scraped up, he was just checking on me". Ritsu lied the explanation, but it did make sense.

all the girl still felt like their friend was hiding something.

Toshimori sighed and rubbed the back of his head, "Uh, well, I should totally go. Uh, oh. Ritsu, uh check up with Rachel will ya' something's come up and well, you know the drill."

Ritsu nodded seriously, "Got it"

"Well, goodbye", Toshimori waved off awkwardly as he walked to the front door and left.

leaving the girls to question Ritsu.

"So, he's not your-"

"He's not, me and him are just friends, that's all it is and will ever be", Ritsu spoke seriously.

"Oh", Yui hummed.

"Senpai, we didn't mean to come here unannounced and all, we were just curious as to why you've been skipping out a lot."

Ritsu shrugged, "Um...I have my reasons", amber eyes looked away.

Mio crossed her arms over her busty chest, "What are those reasons"

Ritsu felt at the end of her wits, she was tired, all she wanted was a decent day, a day to rest and sleep and do nothing.

"It's none of your business", she spat towards Mio, "Listen, I in need of some rest, Do what ever you guys want, but I'm going upstairs to my lovely bed, and I'm gonna get some nice sleep".

Mio and the other stood silent, the drummer sure was snappy.

"Goodbye", Ritsu turned around and walked towards her room.

'Some rest, is all I want.'

><p>'Can't sleep, Damn it!'

A sigh escaped from Ritsu's lips, she felt slightly guilty for snapping at Mio and the band like that, she's just felt so fed up with things lately.

'Camilia...Rachel, Toshi...I don't get it, they don't seem to be bothered by the fact that they're different'

\* \* \*

><p>The Tainaka always felt the feeling in her chest, she felt different, ever since she came to realize her powers and abilities...she never felt the same.<p>

the first time it happened...was on a rainy day, when her and Mio were walking from school. A man came by Mio's side and tried to take her, he had a gun in his hands. Ritsu didn't know how it happened, but everything seemed to slow down drastically, Ritsu was able to trace all the movements with her eyes, letting the umbrella go, Ritsu was able to see every droplet of water falling around her, it was as if she had all the time in the world to do something.

and she did.

Mio squirmed and turned away as the man fired, Ritsu simply leaned back to avoid the fiery metal being shot in her direction, she swore in that moment, she could touch it if she wanted to, but didn't, as the man seemed to move slowly, Ritsu reached out and slapped the gun out of the man's grasp, Ritsu could see the man's facial features change into one of surprise, he shoved Mio to the floor and attempted to engage in fist fighting with the teen, but Ritsu saw each punch thrown at her.

it wasn't hard to take the guy down, Ritsu was able to see through the man at this point already.

\* \* \*

><p>"Mio"<p>

Ritsu rubbed her eyes, she valued the bassist very much, she knew that if what happened that day didn't happen, the outcome would have been very much different.

after that...Ritsu was able to discover more things about herself, things she didn't know, but of course, as she was unlocking her potential herself. Ritsu had taken up the part of a hero at that

point, realizing that she was able to slow time down, well, more like, she was able to move fast through it, she had taken another name, Speedy. her first time as a hero went swell, many quickly accepted her for her heroic acts, from saving people in fires, to quickly stopping and disarming robbers.

all of this, all happened last year, also the same year everything went to hell and back.

Ritsu progressed, from a speedster, to more than that, during a building collapse, a family was trapped under the rubble, Ritsu did what she thought was impossible, she stopped the floor from crushing the family, she realized then, she had super strength.

then more developments came, only during the invasion, Ritsu became capable of flight, just when the ground under her was falling apart and there would be no where left for her to run, Ritsu's feet lifted from the ground.

it was like...she was the perfect powered Human.

\* \* \*

><p>Even with all this power, all this power that anyone else would kill to have, Ritsu hated it deep down, even if she had to use it in order to protect her childhood friend...she felt like an alien to herself.<p>

like an outsider.

Like no one would understand.

Even though Ordinary people worship the heroes and hold them up high, Ritsu knew that people genuinely felt fear towards them as well.

It was crucial to keep their identities a secret, no matter what.

Ritsu sighed heavily, she sat up on her bed, she'd been meaning to get a job, she felt the need to move, she felt like she was putting her family in danger just by being under the same roof as them.

even though her family accepted her for who she was.

'Maybe I could pick that job Rachel offered', Rachel had offered Ritsu a job, good pay too, Rachel came from a wealthy family, she was smart and good at what she did. Rachel was a senior at Centra High, located in Tokyo. The school was built about three years ago after an earthquake took two schools down.

The Tainaka laid back down onto the mattress and stared at the ceiling, folding her arms behind her head and against her pillow.

shutting her eyes, when all of a sudden, a shockwave rocked her house.

everything in the house rumbled and shook, Ritsu's eyes shot open, she jumped from her bed.

"AHHHH!"

"MOM!?", Ritsu shrieked when she heard the familiar scream of her mother.

Ritsu didn't bother to get into her uniform, she opened her door and jumped down the stairs.

"MOM!? DAD!"

Ritsu saw Satoshi crawling out the door quickly, Ritsu gritted her teeth, and turned to the living room, her eyes widened.

a figure stood over her mother and father's bodies, whether they were dead or just knocked out, she didn't know.

Ritsu felt anger pool inside of her.

"You...YOU!"

the figure snickered

"I KILL YOU!"

Ritsu dashed with force towards the figure and tackled the person through the living room wall and out the side of the house.

"YOU SCUM!", Ritsu let go as they were far above houses.

the Figure floated and shrugged, she was clearly a female, a mask, masked her face.

Tears shun in Ritsu's eyes, "How are you!?"

The masked figure nodded her head.

Ritsu not containing herself, propelled herself with force to the masked figure and rammed into her, the girl took hold of Ritsu's shoulders as they sliced through the air.

The Figure smiled evilly and kicked off the Tainaka roughly, leaving a gap between them in the air.

"UUF!", Ritsu stopped herself from going too far back, a small Boom in the air as Ritsu's back hit the air. the teen Panted heavily.

"Don't waste your time with me, They need you", the figure spoke...in a voice all too familiar.

Ritsu hummed, her eyes opened wide, a thought flashed through her head, but she pushed it aside.

"You're not going anywhere!", Ritsu growled in anger.

the figure chuckled out, "You'll regret it, Kid"

Ritsu bit her bottom lip, 'She's right'

Ritsu calmed her heart and allowed for gravity to let her land on the floor, as she made contact with cement, she looked up one last time,

the figure was gone, Ritsu sighed out and turned away, 'She knows my identity' Time slowed down, Ritsu dashed with speed through the streets, her figure just a glowing blur to passerby's that caught the glimpse of the speedster.

'She was familiar, but I can't put my finger on it.'

\* \* \*

><p>"Ritsu!"<p>

"Rachel! Toshi!"

Ritsu slowed down at the sight of her parents being conscious.

"They're fine, dazed, but fine and alive.", Rachel walked towards the worried Ritsu.

Ritsu released a heavy sigh of Relief, she dropped to her knees, she was in boxers, a wrap compressed her small breasts.

Toshimori sighed. "What happened?"

"She got away, I came back to see if they were fine"

"You let her get away?". Rachel asked.

Ritsu glared at the girl, "My family comes first", Ritsu got up from the floor and walked past the black haired girl.

Rachel frowned, "I Didn't mean it like that"

Toshimori felt the air thicken, "I don't think it's safe to be here, at least for now, My place is open, My family's out on vacation till next month"

Mrs. Tainaka and Mr. Tainaka nodded, both looked a mess, "We're fine, we have a place in downtown, we were always prepared, just incase."

Satoshi was shaken up but fine, just scrapes.

Rachel and Toshimori both shrugged, "We'll keep a close eye on you guys from now on, at least till we get our hands on that girl."

Ritsu ran a hand through her messy hair.

"Damn it"

"Don't blame yourself, Honey", Mrs. Tainaka smiled weakly.

'Satomi', Mr. Tainaka nodded his head, "It's not your fault Ritsu"

Satoshi stood up and rubbed the back of his head, "Um, we should go, people are gonna come out soon and see what's happened, we should pack and go."

"He's right", Toshimori agreed, "Get going, we'll be around, just in case"

Rachel sighed out and waved, she began to walk off.

Toshimori looked around before speeding off in the blink of an eye.

Leaving the Tainakas to pack.

"You did well, child"

"Did I father?"

"Yes, We've hit that brat's soft spot really good"

the man smirked darkly, the man was none other than Felix.

The masked figure smiled darkly, "When can I play with her?"

"Soon, Very soon. I'm just adding a few last touches to my toys.", Felix replied, as he reviewed some schematics.

"I'll wait then"

The female walked to a desk and sat on it's top.

'Nothing's better than a good 'ol loop, that brat's not gonna see it coming, None of these imbeciles will'

Felix laughed out as he put the plans down, "Divided they are, it'll be easier then"

><p><em><strong>Next day.<strong>\_

"Camilia? I-I mean, Shinozaki-san, what are you doing here?"

"I'm a transfer"

Ritsu nearly shrieked out, "You'll be going here?!"

"Yeah, Is that a problem?"

Ritsu shook her Head fast, "N-No"

Minami smirked, "I find it better this way honestly, if anything happens, we have each other to help out", the girl smiled.

Ritsu crossed her arms over her chest, both teens walked towards the school.

"Also, That Rachel girl, kinda found me and well, she insisted I kept contact with your small group."

"Really, she didn't mention anything to me"

"She said she doesn't answer to you", Minami giggled out.

Ritsu pouted, "No one said she had to"

Minami sighed out, "It's kinda different huh, knowing what you're capable of, but also trying to have an ounce of normal in your life"

Ritsu nodded her head, "Yeah", the teen understood what Minami was getting at, "Why'd you come over here, again?"

"Oh, well, Like I said, That Rachel girl said I should keep contact"

"Ah, Right", Turning away, Ritsu wore a small frown.

Minami kept her eyes settled on the Tainaka's delicate facial features.

"Ricchan!"

Voice from behind the two teens caused them to stop in their tracks.

"Hey", Ritsu replied a bit distant.

Minami saw the girls, four to be exact.

"Ritsu, are you okay? Your parents told mine what happened.", Mio asked worriedly.

Ritsu looked away, she knew her parents didn't give the Akiyama's the true explanation.

"I'm fine"

Minami's eyebrow went up.

Ritsu began to turn away, her bag slung over her shoulder.

the girls all frowned, their drummer was very moody.

Minami gave the girl a small smile.

"Uh, Ricchan, who's she?"

Ritsu didn't bother to turn back, "a friend, she's new to our school, she'll start attending today"

"Ah", Mugi spoke.

the girl decided to introduce themselves since they knew Ritsu wasn't going to bother.

"I'm Tsumugi Kotobuki, Second year"

"Azusa Nakano, First year"

"Yui Hirasawa, Second year"

Minami smiled, her bag in her hands, "Minami Shinozaki, third year"

Mio remained quiet, she wondered just what it was that made Ritsu so distant.

"Ritsu?", Mio walked up besides the drummer.

"What?", Ritsu asked, still facing forwards.

"What's wrong with you, I know something's bothering you-"

"Drop it, it's none of you business."

Mio frowned heavily, she felt anger fill her, she was tired of Ritsu not telling her what was bothering her. without thinkin, Mio reached out and took Ritsu's wrist into her hand.

Ritsu groaned in annoyance when Mio tugged her a bit forcibly.

"What, geez Mio you're annoying me-"

"You've annoyed me for the past ten years, Ritsu. Now spill-"

"Mio, back off, leave me alone"

Minami observed closely, she was analyzing the Tainaka.

'She's worn out and stressed.'

Mio gripped the Tainaka's wrist, "No, I'm not going to leave you alone"

The other girls were all getting worried.

"Mio-chan, maybe we should let her be"

"Yeah, Senpai"

Mio frowned heavily, "I worry about you, Idiot. everyday-"

"Don't, don't worry about me!" , Ritsu felt the need to shake the Akiyama's hand off of hers, but she knew that if she did, it would result in her hurting her.

"Ritsu"

Minami walked closer to Ritsu and jabbed her stomach, causing Ritsu to gasp for breath.

Mio and the girls all gasped.

Ritsu got to a knee and looked up to the teen that jabbed her hard.

Minami didn't say a thing, she just walked away.

'Minami-san'

"Ricchan?"

"Everyone, just back off, I need space!", Ritsu broke Mio's grip on her, she backed away, "I'm going home"

Mio sighed out.

the other girls all wore worried expressions.

"She seems adamant about not letting us in", Mugi said as she crossed her arms over her chest.

Mio bit her bottom lip, "I'll get it out of her, You girls go to school, I'm not dropping this."

"Text us alright", the blonde said.

"I will"

With that, Mio went the opposite direction of her school.

she knew where Ritsu was going.

\* \* \*

><p>Ritsu growled, 'The more I'm around people, the more I put them in danger.'

The drummer felt her heart racing, she hated it, she hated feeling this way, all she wanted, was to be left alone.

The Tainaka walked to the apartment her father had gotten just incase something were to happen to the house, he always was prepared.

"Damn it"

Ritsu opened the door and set her stuff down, she went to her substitute room and got out of her uniform, she put on some other clothing and went back to the front door, she just needed some fresh air.

but of course, Ritsu never gets what she wants.

"AHHHHH!"

"RUN!"

Ritsu hummed in annoyance.

"(BOOOOM!)"

"(D-DOOOSH!)"

loud explosions were heard followed by screams of fear and horror.

Ritsu gritted her teeth, "Damn it! I can never get a day to myself!", Ritsu felt the urge to protect those around her, even if she was fed up with it.

Ritsu huffed and jumped over the railing and onto the concrete floor.

she jogged over to see what was going on, she looked around, then all of a sudden, she was engulfed I smoke, a lot of it.

it was like the invasion all over again.

"Holy fuck", Ritsu gasped out when she saw half of a very tall building gone, vaporized.

The Tainaka's fists twitched.

"Damn it", Ritsu stepped back, then she saw it...that masked figure.

"You! Why I outta-"

"Ritsu! what are you doing, run!", a voice Ritsu knew all too well, better than anyone else, really.

'Mio!?', Ritsu turned quickly, and just as she thought, the ravenette stood there, quite dusted and afraid. 'No, crap!

Ritsu felt all the words get stuck in her throat, her bottom lip trembled, 'Mio why?'

Mio stood shivering, "Ritsu! are you listening!"

"Mio, why'd you come after me!", Ritsu blurted out.

the Akiyama narrowed her eyes, "Why, Because you've been acting so out of it since 'Then'. You barely stick around for practice and you don't even talk to me as much anymore!", Mio yelled out, she was clearly emotional.

The air around the two was filled with chaos, and dust from the installation that the fallen buildings had inside them.

Just as Ritsu was going to voice her concerns to Mio, an explosion caught the girl off guard, Mio jumped, Ritsu turned back towards the explosion.

"Ritsu hurr-"

"You go, Mio-", Ritsu hummed then she caught a glimpse of shiny metal dashing at her in a blur.

with her legs, Ritsu pushed herself back, causing for her back to smash into Mio, Mio yelped, as she tried to push away, she found Ritsu locking her arms under her legs, causing Mio to remain on the tawny haired teen's back.

"Ritsu!"

Ritsu jumped once more, keeping distance away. The Ravenette was

confused, she couldn't see what the Tainaka was seeing. Ritsu's eyes were able to keep track of the metallic thing.

Mio's nail dug a bit into Ritsu's shoulders, just then, she finally caught a glimpse of glowing red eyes.

"ANNIHILATE, ANNIHILATE, IMPULSE", a voice shrieked in a metallic mono tone.

"R-Ritsu-AHHH!"

"Sorry, Mio!", Ritsu apologized as she used her legs to push herself up and onto a building's roof.

setting Mio down, Mio reacted and turned her body to her childhood friend, she rose her hand and brought across the Tainaka's face, hard.

Ritsu merely stood firm and still, his face not moved by the bassist's slap.

Mio stepped back, "Ritsu! what's...What-"

"I don't have time to explain okay"

"That thing said it wants to Annihilate "Impulse"...Ritsu what have you been hiding?"

The Drummer turned away, not wanting to answer the answer wanting bassist .

and for the thousandth time, Mio spoke her name.

"Ritsu"

"Calm down, Akiyama-san"

Ritsu's head turned to the voice's owner.

Mio turned aswell.

"S-Shinozaki-san?", Mio hummed out.

Shinozaki nodded her head, her emerald eyes were narrowed, she wore a bunny suite, but without the bunny ears, instead, a red top had rested on top of her head, a black wand in her left hand and a book in her right.

"Camilia"

"I came, The Speedy kid and Girl Wonder are both taking a hand full of these 'Bots, they've evacuated the schools, so I saw my chance to come help you out here."

Mio was baffled, the names that were being used in this conversation, were names that were all over the news...names that belonged to heroes.

Camilia smiled lightly at the Akiyama, "Akiyama-san, don't go too hard on her, she's been under a lot of stress, and now that you know

this important secret. It's be nice if you could support her instead of adding more weight to her shoulders."

Mio looked at Ritsu, Ritsu was tense.

"Why didn't you tell me? at least me?"

"I-, Mio, you wouldn't understand, I-"

Ritsu sighed out.

"How's about this conversation happens after we get through this?", Camilia waved her wand in a circle.

Ritsu hummed and crossed her arms over her chest, "I'm not just gonna leave Mio here, Camilia"

Camilia hummed, "I thought you'd say that, she'll be with me, don't worry, I can handle my own, you've seen me in action before", the emerald eyed girl winked at the amber eyed teen.

"Hai, Take care of her-"

"ANNIHILATE!", a robotic voice piped up as it had scaled the building's walls to get to the roof.

Ritsu turned to the robot like being, "Oh so that's what they are."

"And they're Felix's, he really has something to pick with you huh-"

"CAMILIA, HERO GRADE: S. MUST ELIMINATE AS WELL"

Both heroes looked at each other.

"So, what about you?", Ritsu smirked.

"Shut up", Camilia rolled her eyes, "Watch this".

Camilia's book began to float out of her hand, the book opened by it self and turned to pages, the teen smirked, she brought her right hand to hold her top hat, while the other hand waved the wand around in a small circle, "Destriet themiet Quiket Noiet!"

just as the girl had chanted the words, the robots went into a heptic electrical shock and both exploded in unison.

"Woah", Ritsu clapped.

"Thank you", Camilia bowed while she placed her hat back on her head.

Mio was awe, 'Amazing.'

"Now, Ritsu let's see what you're made of?"

Ritsu blushed and then turned to the Akiyama girl, whom was looking on intensely.

"Akiyama's curious I'm sure"

Mio stiffened, 'Wait a minute, now it all makes sense, why back then, during the invasion, Ritsu disappeared, Ritsu went off to help save the earth.', Mio remembered this as she caught the glimpse of the tense Ritsu.

"Ritsu, Don't worry about me, Go", Mio spoke.

"huh? Mio"

"It's fine, I'll be fine, Camilia's strong i'm sure."

Ritsu nodded, she began to fly up, but just as she had, what happened to her during her fight with Pyro, happened again."

"OOUUFFF!", Ritsu was rammed into.

"RITSU!"

"IMPULSE!", Camilia used Ritsu's hero name.

Camilia's eyes followed the two figures, the figure was gripping Ritsu's shoulders tightly while driving the Tainaka into the side of a building.

Mio covered her mouth.

"Akiyama-san, Reframe from using Ritsu's name so much, her identity is still on the line", Camilia said, then she allowed the book to turn it's own pages once more, and she chanted, "Floteit, Proteit!"

Mio nodded then she felt gravities honld on her let her go, she yelped slightly, her and camilia both began to float and a clear glass like shield formed around them like a bubble.

"You'll be safe here", Camilia went through the bubble and floated out, "Don't panic ok"

"Ok"

Just on the other side of the street, Ritsu grunted as she got out from the rubble.

"We meet again"

Ritsu looked around, she was surrounded by robots and the masked girl.

"What do you want?"

"What Felix wants", the figure giggled lightly.

"MUST KILL", a robot spoke.

"No, she's mine", the girl said.

"TARGET CHANGE"

"Yes, the Wizard of Oz up there and that Imposter"

"(BEEP) (BEEP) STATUS, CAMILIA DAUGHTER OF MAGIC-SILVER, :GRADE S HEROES", the robot began to explain it's analysis

'Imposter?', Ritsu hummed, her shirt was partly ripped already.

"CROASIANIAN: STATUS, POSTIVE. : DAUGHTER OF QUEEN A-JEL OF CRONOT. FURTHER STATUS: IS A THREAT: GRADE: UNKNOWN", the robot said with it's glowing red eyes fixated on the two woman that floated in the air.

Ritsu was slightly confused.

"No, go finish them. I'm sure Girl Glory and Speedy were taken care of already."

Ritsu gritted her teeth, "They're probably kicking Felix's ass with out me"

The Girl laughed out, "Or, he's kicking theirs", the girl turned to the robots, "Attack them, now!"

"No!-"

Just then, the five robot flew up towards the girls.

Ritsu balled her fists up, "Why are you doing this?!"

"Just because", the girl looked up and her body began to float, Ritsu frowned heavily and mimicked the girl.

"How many?"

"Hundreds, all over the world, you know, you're not the only hero giving lord Felix problems"

The Tainaka bit her bottom lip.

"Now, for the fun I was promised."

"Toshi!"

"Speedy, duck!"

Rachel had bumped into yet another mega-human.

Toshimori dashed and ducked to avoid the laser beam that was shot at him.

Girl glory unstrapped her shield from her back and blocked the laser beam, it reflected off of her shield and back to the shooter.

"Felix!", a man yelled out in anger.

"Static!", Girl Glory called out to the dark skinned man.

Static ran towards Felix, Felix was inside of an exo-suit.

Felix laughed from within, "You don't stand a chance, you may get me, but you don't stand a chance against my child.

"His child?"

"She is the perfect Villain, a weapon of destruction!", Felix laughed.

Toshimori and Static looked at each other.

Rachel frowned, "What have you done, Felix!"

"I got my hands on a sample is all, I grew a weapon!", Felix said.

"Felix!"

All three heroes charged in for a take down

\* \* \*

><p><strong><em><span>Kyoto, Japan. 1:30pm<span>\_\*\*

Camilia flew around, avoiding the robots, while two robots tried to smash into the bubble protecting Mio.

"Tsk, Damn it, I can't focus on the chant", Camilia grunted as she dodged the robot's clutches.

Ritsu on the other hand, was having the hardest fight yet, she seemed to be heavily tied with whom ever it was behind the mask.

Ritsu grunted as she was punched in the jaw, a seismic boom was heard as Ritsu flew into the bubble that protected Mio, the robots all stopped their attack on the bubble and stepped aside.

Ritsu grunted as her body hit the bubble hard.

Mio jumped, "Ritsu!"

The masked figure appeared behind Ritsu and kept Ritsu pressed against the bubble, Ritsu groaned, her clothing a mess, ripped in a lot of places.

Mio growled, she stood up and walked up to the figure that stood on the other side of the protective bubble.

Mio glared hard.

The figure smiled darkly, "I meet you, finally, face to face."

Mio's glare died, she hummed in question.

Ritsu opened a eye, she was about to say something, but just as her

mouth opened, the figure tossed Ritsu down, Ritsu's body caused a pit to form on the cement floor.

Camilia stopped avoiding the robots once she saw that the robots just stood by.

Camilia hummed.

'Ritsu got creamed?'

The Figure put a hand against the bubble, "You think this'll protect you?", an evil smirk played on the girl lips, "Maybe against weaklings, but not me"

Mio's eyes opened wide, Camilia gasped.

The Figure rose her hand and with force, she punched the bubble clean out, Mio screamed in surprise as she felt gravity pull her down.

"AHHHH!"

Camilia gritted her teeth, 'she broke my shield!?',  
"AKIYAMA-SAN?!"

Ritsu caught the scene and was ready to catch the girl, but as they all thought that the figure would let Mio fall to her death, the figure took hold of Mio's collar and held her up.

"Eh?", Mio was surprised.

"You're so pathetic, it's sad...", the figure frowned heavily.

Camilia opened her book, ready to take out the girl, if she could that is

Mio glared at the girl.

"You sad excuse, oh how I long to kill you", the girl spoke in a hiss, with her free hand, she brought it up to her mask, slowly she began to remove it.

Camilia was focused intensely on catching a glimpse of the face.

Ritsu was also focused, sweat ran down her chin and dripped off.

Slowly, the mask came off, Mio's eyes shot wide open.

Camilia felt her breath catch in her throat.

Ritsu froze, her breath turned into a knot in her chest.

The black long hair, that giggle, no wonder it was all too familiar.
